Dear Mr. Kratz:

We received information from IWA - Canada, Local 1-424 regarding your past employment. Their records show that you worked for Northwood Pulp & Timber Ltd. from December 1966 to August 1969 and for Finlay Forest Industries from April 1970 to June 1970.

To be eligible for a benefit from our Plan, you must have worked for an IWA participating company after June 15, 1973 (the effective date of our Plan) and had eight continuous years of service.

As we only have evidence that you worked in the forest industry for 3 1/2 years, prior to the conception of the Plan, you are not eligible for a benefit.

If you have any questions, please contact our office.

Yours truly,

(Mrs.) Yori Ko
Benefits Assistant
